 *Available while stocks last.
 Note: The color appearance is always different. It is dyed by a special machine and there are none that are the same. Some has little opening or uneven dyeing, but no problem for using. Since it is made out of rayon, it is made longer than regulations length to lessen concerns about shrinking by humidity. Do not iron on the FIG marking without iron paper.

FIG and Manufacture marks at the both ends of the ribbons might be come off when ironed. Please do not iron on the mark and use the iron paper in between ribbon and iron or iron from the other side of the marking, so that marking cannot be heated directly.

Do not wash as rayon material shrinks by washing. Do not change for FIG APPROVED ribbons to follow FIG rule. White ribbons (color no.000) are longer than other colored ribbons as this is expected to be dyed by soaking in water and shrink much. Please check the length of ribbons after dyeing to follow rule.
